Re: Acknowledgment of receipt of complaint and request for expedited review

Dear Mr. Harold:

The University of California (University) acknowledges receipt of the Complaint and Request for Expedited Review, dated March 31, 2026 (Complaint).

On February 27, 2026, the Retirement Administration Services Center (RASC) issued you an Administrative Review Determination – Retiree Health Coverage (Determination) informing you of the need to transition your and your spouse's medical insurance coverage from the UC High Option Supplement plan to coverage through Via Benefits. The Determination, included as an exhibit to your Complaint, informed you that if you disagreed you had the right to appeal, and the RASC attached a copy of its Procedures for a Request for Retiree Health and Welfare Appeal. On March 31, 2026, the University received the Complaint.

The University considers the Complaint as your response to, and appeal from, the Determination. Accordingly, your Complaint has been submitted to the Plan Administrator for review. Pending the Plan Administrator's review of your Complaint, the University will preserve the status quo, and you and your spouse will continue to be enrolled in the UC High Option Supplement plan until a final decision has been made regarding your and your spouse's continued eligibility to remain in the UC High Option Supplement plan.

The RASC will inform you of the Plan Administrator's decision within the next 90 days.

Sincerely,

Erin Morse
